MAGICAL SPEEDRUN

Yosun Chang. July 15, 2023 (Updated)

Build + Launch 5 Unique Gen Al Companies in 5 Weeks... at the speed of AI ∞

Everyday, this happens:

Game-changing SOTA AI model drops.

Why not:

Build a new startup around it, immediately.

Ship + Monetize... at the speed of Al

Weekly Schedule From Ideate to DEMO. And Repeat!

Friday	Saturday	Sunday	Monday	Tuesday	Wednesday	Thursday
Ideate & Shortlist	Research & Eliminate	Prep Raw Technical Materials	Build App	Release & Refine	DEMO	Post-DEMO Pre-Ideate
leas Feec	back Tea	m – N	linja Mark	ceting Tea	am La	te Investo

Unprecedented Team

Human who has won over \$1M in hackathons - from innovative idea to hacky demo in a day, public beta MVP in a week. AI Team that has shipped software for clients from early stage funded startups to Google-Intel-Nestle innovation demos and beyond.

March 2023 = Napkinmatic wins GDC AI Games Hackathon and selected to demo as 1 of 10 apps at #WoodstockAI May 2023 = NapkinmaticsD - selected for SIGGRAPH Real-Time Live 2023 (Top 5 - Competing for Best of Show in August!)

I. Yosun Chang

Founder/CTO Permute.xyz, a emerging technologies startup studio that has been building award-winning startup software since 1997 3x Intel Perceptual Computing 1st Place, 2 TechCrunch Disrupt Hackathon Grand Prizes, 1 SIGGRAPH Real-Time Live Audience Choice / Best of SIGGRAPH, ... And hundreds more!

- Insight: Low Poly Meshes are versatile, stylish, and the #1 most requested "actual game ready usable 3D mesh" from SD, Midjourney images etc.
- Resource: OpenAl Shap-E produces prompt to unrefined 3D meshes
- App: Pipeline refines Shap-E results to stylized low poly meshes that can be used to build infinite worlds in-app
- Gamified Pivot: Users can collect 3D models already generated and purchase coin packs to generate new ones. Subscriptions replenish coins.

Mission: let's create the world's largest low poly 3D mesh repository

MAGICAL App 2 **SketchMagical**

- Insight: People want to draw but haven't the skill or time, and they want to feel like they have more control over the art created by AI.
- Resource: ControlNet lets you guide AI art using outlines such as a sketch you draw!
- App: Pipeline presented in a very streamlined user-friendly way, including famous art styles the Al can transform your sketch to very well.
- Biz: Subscription Packages, art packs.

July 4 2023 raw demo from my iPhone

- Insight: What if you can create 3D AI AR talking avatars from your sketch?
- Resource: SketchMagical + PolyMagical = FaceMagical
- App: Turn any photo or sketch to a 3D talking avatar in AR and beyond...
- Biz: Subscription!
